ES08 2100 3060 5422 0138 3365
(SWIFT: CAIXESBBXXX)

IMPORTANT

The price of the stay includes the hospitalisation in a double/individual room (according to rates), full board and inclusion of diagnostic procedures such as radiology, ultrasound scan and clinical laboratory, as well as our speciality's own therapeutic procedures included within our range of services, except for those programs included within the range of services of Guttman, NeuroPersonalClinic® (services which are not covered by the public health system); in case of children under 16 years old the sofa-bed for escort is included in the price. Not included in the price of stay: diagnostic and therapeutic procedures beyond our technological or specialisation level (CT, MRI, DIVAS, hemodialysis, chemo and/or radio-therapeutic treatments, extracorporeal lithotripsy, maxillofacial surgery...). In those cases where any of these tests or treatments are required, -after consultation with the insurance agency, except in cases of extreme urgency-, this service will be independently invoiced and at cost price, together with the medical transport if required, since this is not included either. Moreover, the following medication is excluded from the price of stay: medication that is not part of our pharmacotherapeutic guide; last-tier antimicrobials; blood products; inpatient medication of outpatient dispensation (HIV, hepatitis, MS, ALS, oral anti-tumor drugs, diseases being treated with biological drugs - excluding insulins...); medication used for aesthetic purposes (alopecia, weight loss, dermatological disorders - nails, hair...); nutritional supplements other than dietary products for special medical purposes. Internal prosthesis, surgical implants and osteosynthesis material: Service which is not included in the price of the stay and will be independently invoiced after a budget authorization from the insurance agency. External prosthesis, orthosis and/or technical aids that are required to gain the best level of patient's rehabilitation and to facilitate their social reintegration will be independently invoiced after a budget authorization by the insurance agency. The proforma validity is 30 days from the date of issue or until there is a rate change. If the payer executes the transfer and subsequently, until the treatment is initiated there is a rate change, he will assume the difference prior to the initiation of the treatment. Hospital's translation service has the mission of providing comfort to the patient and allow communicative fluency in day-to-day aspects. In this context, this service is available (in Catalan, Spanish and English) at the moment of the welcome and in all aspects related to treat, hospitality, organization but is excluded from the translation service the participation in therapeutic sessions (neuropsychology, speech therapy, etc.).
