

**INFORMATION NOTE**

Athens, 09/10/2024

**NAME: NADYA LASHEVA (DOB 17/11/1989)**

We would like to thank you for having contacted the **Department of Surgical Oncology and Sarcoma, Melanoma and Rare Tumors Center (Head: Prof. Dr. Nikolaos Vassos), Athens Medical Center (AMC), Greece.**

Based on the available documents about Ms. Lasheva Nadya, the patient has a suspicious malignant tumor in the right lower leg. According to the MRI and CT scan, the tumor could be a bone sarcoma. A core needle biopsy of the tumor under CT-guidance was performed on September 6, 2024. The histopathological examination showed an Ewing sarcoma. According to the histopathological results and the staging of the disease, a systemic chemotherapy is indicated. An implantation of port-a-catheter was performed on September 24. The second part of the first cycle is going to be performed during the coming hospitalization.

Kindly find further below all the necessary details and the costs.

**ESTIMATION COST**

Description	Cost in Euro €
Surgico medical fees	2.000,00 €

**Contact information :** +30 210 6862080
