Further Information

- This process will be followed by Co-founder & Supervisor Dr. Volkan Erdoğan.
- The Medical Second Opinion is not intended to substitute a comprehensive medical assessment. The precise diagnosis and treatment plan can only be determined based on the results of the initial consultations and medical examinations conducted within our hospital.
- This document's validity extends for one month.
- The previously mentioned costs are ESTIMATES for the listed consultations/tests and are meant solely as a reference to assist you in planning your visit. The actual final charges may deviate from the initial estimated amounts.
- These cost approximations do not encompass any price adjustments due to complications.
- Prices mentioned in currencies other than Turkish Lira (TL) may fluctuate according to daily exchange rates.
- Interpretation services are provided free of charge.
- All payments for medical services must be settled before or on the initial appointment date for self-paying patients. Payment options include money order, or bank wire transfer. Throughout the treatment, care, or recovery process, the final bill's status will be periodically reviewed to determine if any additional payments are necessary beyond the provided estimates. Any required payments will be collected following this review.
- Any remaining balance or credit on your account at the time of discharge will either be deducted or credited back to the bank account provided or the credit card on file.
- All deposits are based solely on estimates, and we will be able to provide you with the final charges when the final bill is generated.
- Responsibility for payment for the patient's transfer to another location by air travel or land ambulance, in the event of any need during or after the treatment process, should be considered in advance and assumed by the patient or the patient's legal representative.
- Patients' passports are required for the registration process.
