Estimated cost for hospitalization

Estimated costs for inpatient treatment in the Universitätsklinikum des Saarlandes from patient Patova Gabriela, dob. 02.10.2015

Dear Mrs. Patova,

You are planning to undergo treatment at Saarland University Hospital. According to the information available to us, the following treatment costs are likely to be charged:

	Euro
DRG "C03A"	5.218,50
Treatment by chief physician	-n-
Accommodation in single or double room	-n-
Accommodation of an accompanying person	180,00
Total	5.398,50

This statement is the estimated calculation of treatment costs (in the "General Care Class"/without chief physician treatment).

Please note that a different DRG code may apply and higher costs for the chief physician treatment may be charged as a result of unpredictable complications. The DRG code ultimately used for billing cannot be bindingly determined until the treatment has been completed. This depends on the diagnosis (or diagnoses) made at the end of your stay in hospital and which diagnostic or therapeutic services are actually provided during the course of your treatment.

IBAN: DE86 5900 0000 0059 0015 12
SWIFT code (BIC): MARKDEF1590

A final decision regarding length of hospital stay and extent of procedures cannot be made at this point. In case additional cost accumulates we ask you to be open to receive further payment requests.

Any overpayment as result of our administrative process will be refunded. If you have any further questions, we are at your disposal.

Yours sincerely,
In order
